

High Amperage UL Listed Enclosed Power Blocks

Marathon Special Products is proud to announce new additions to our UL Listed Enclosed Power Block line. The additions will incorporate IP-20 finger-safe protection to high amperage power blocks, while providing high over current protection.

SPECIFICATIONS

- 600V, 760 amps
- UL, CSA and IEC compliant
- 100,000 amps SCCR

FEATURES

- High SCCR ratings with fuse overcurrent protection
- Modular construction for single or multiple pole configurations
- Panel mountable with DIN rail clearance
- AL and CU connectors available for distribution models

BENEFITS

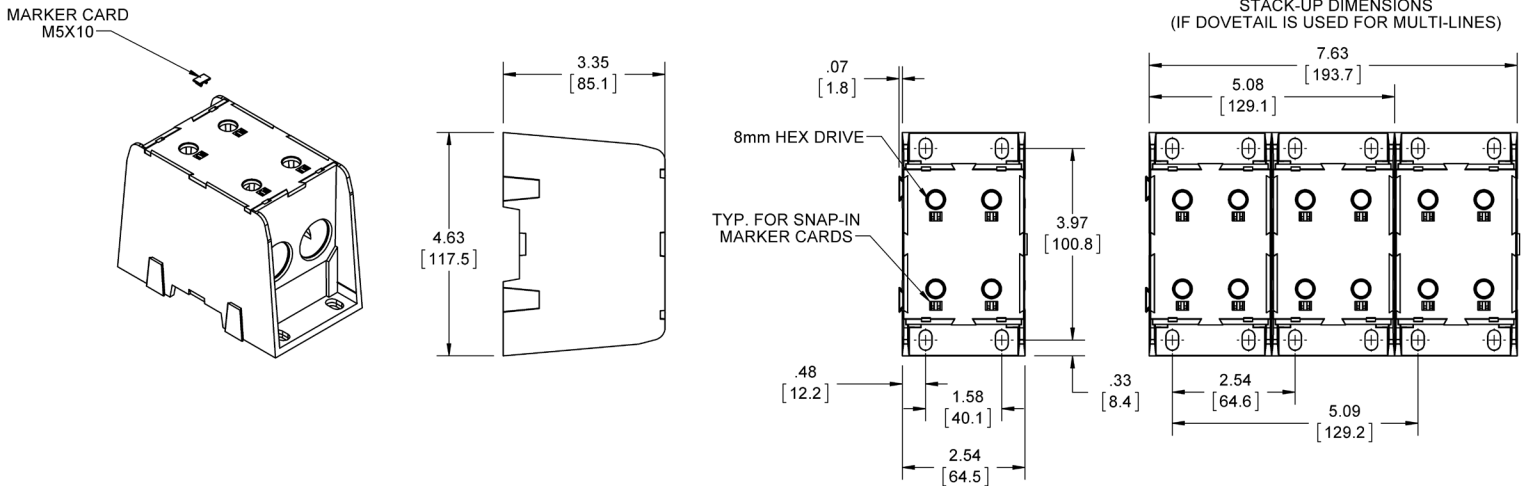

- UL listed for Feeder Circuit Compliance
- Provides IP-20 finger safe protection
- UL approved flexible power cable
- Accepts marker cards for individual circuit identification

APPLICATIONS

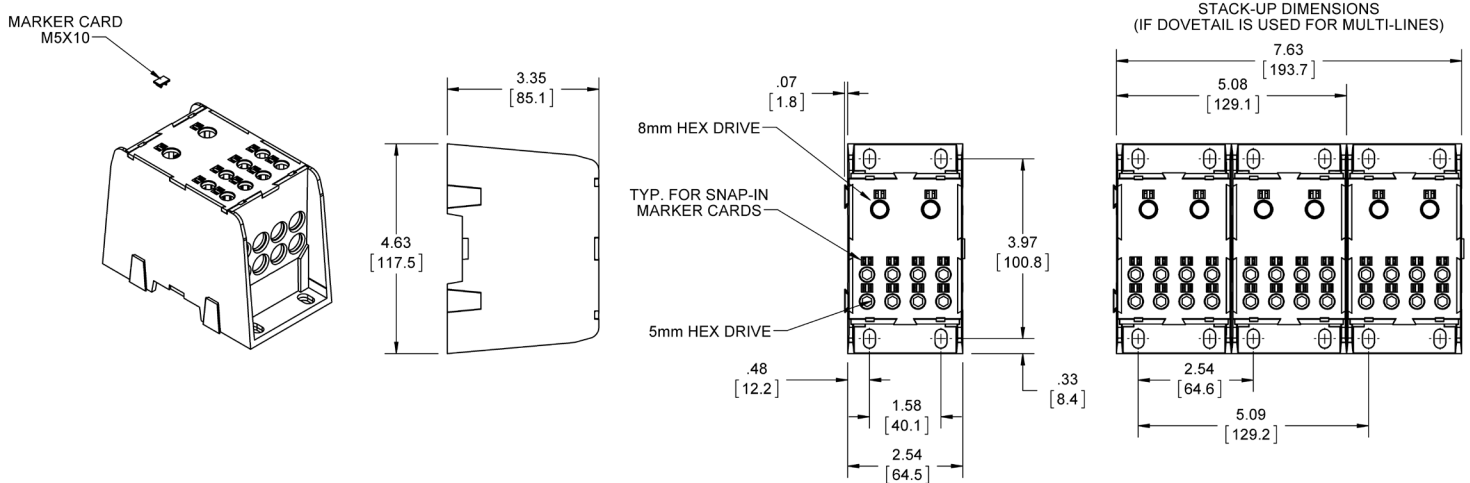

- Industrial controls
- Power distribution / generation
- Commercial HVAC

HIGH AMP UL LISTED ENCLOSED POWER BLOCK
